

Table 1: Estimated Time

Task / Functionality	Estimated Time (hours)	Worker	Reviewer	Comments
Task 2: Design a hierarchical structure using UML class and package diagrams.	1.5	All	All	
Task 3: Design the dynamic behavior using UML state diagrams.	1.5	All	All	

Table 2: Actual Time

Task / Functionality	Actual Time (hours)	Worker	Reviewer	Comments
Task 2: Design a hierarchical structure using UML class and package diagrams.	8	All	All	We had to look up the interfaces in the datasheets and then align the requirements, which took longer than expected.
Task 3: Design the dynamic behavior using UML state diagrams.	4	All	All	We had to look up the requirements, which took longer than expected.
